SEASONS OF SIFTING

LUKE 22:31-34 | REV. NICOLO PADILLA

The process of sifting wheat involves an intense period of shaking to separate the grain from the chaff, in order to separate what is useful and not. In our passage today, we will take a closer look at the journey of Peter and the rest of the disciples as they go through a season of sifting. Although this was a difficult time for the disciples, this turned out to be a pivotal moment in their journey as they experienced the sufficiency of Christ in preserving their faith.

The nuggets of truth found in this portion of Luke is crucial for us to embrace and understand in order to prepare us for our own seasons of sifting. Although Peter declared absolute loyalty to Christ - even unto prison and death - we know that his actions and words proved otherwise. But in the midst of Peter's failure, what we witness is the sovereign grace of our Lord in ordaining all things for our good.

To serve as a guide to

help us navigate through our passage, we will ask one simple question:

(1) What can we learn from Peter's season of sifting?

As we seek to answer this question based on our passage, I pray that we would embrace the truth that the Lord is not just the author of our faith, but also the sustainer and keeper of our faith. Although we may stumble and fall, we can have the assurance that He who began the good work in us will bring it completion at the day of Jesus Christ! Amen! ✱
