CHURCH**

## SERMON OUTLINE

# SEE CLEARLY, RESPOND WISELY

PASTOR JOHN NAKPIL | DANIEL 12:1-4

Perhaps one of the best GIFTS that God has given men is THEIR ability to see. Our sense of sight allows us to APPRECIATE AND admire the beauty and wonders of God's creation. Our eyes also ENABLE us to quickly pick up details and information to help us learn and understand our environment, thereby guiding us IN OUR daily activities.

It is a known fact that about 80% of the knowledge and information stored in our brains have been acquired visually. All THIS INFORMATION IS intended to serve us and guide us in our everyday decision-making.

That is why it is important that we take good care of our eyes. And when I say take good care of our

eyes, I don't mean just to keep it physically clear and healthy. We must keep reminding ourselves that our sense of sight is responsible for about 80% of our BRAIN'S knowledge.

So, we should try our best to keep our FOCUS on the things that HAVE eternal VALUE - things that will truly help us become wise AND will lead us to become better PEOPLE.

God gave us this special gift of sight not just to enjoy the beauty of His CREATION but ALSO TO seek the will of the great CREATOR who gave them.✝
